

41 Bridge down
Bridge.

Dear Granny.

I thought you
would be interested to hear
about the opening of the
Bypass. The Minister of
transport was there and the
Mayor of Canterbury. While
we were waiting for the
minister of transport to come
we saw four cars with

trailers and on the four
trailers were four army helico-
pters. As a police car went
underneath the bridge it
sounded its siren to say
hello. The police car
led a very long line of
cars. In the car behind
the police car was the
minister of transport and
pto

in a green eScort car was
Carperry who comes to our
School every Friday for assembly
love from James.
