Dear Mr Williamson.

You have left it rather late to have the bust of William Freud photographed by the end of the first week in November. It is the rule that consent of the College Council for photography should be obtained. However, if you employ the photographer who usually photographs groups of members of the college, eight, teams, etc, and they arrange a time with Mrs Tedder, Assistant Librarian, it will be possible to give access to the Old Library.

The address of the photographs is  
Frank Bird  
47 High Street  
Trumpington

Cambridge

Tel. Cambridge 821 2006  
and you must arrange the price with them. The  
book is kept on a high shelf in the annexe to the Old  
Library. I do not know the weight, but it may require two men  
to lift it down and to put it back.

Lynford Caryl, LL.D. was the Master who invited  
Trend to migrate from Christ's, where he had taken his  
B.A., to Jesus.

Yours sincerely
