Rev. Sir,

On my return from
Paris this evening your letter
regarding the descendant of the
Baron of Montequien was
awaiting my attention. Please
accept my sincere thanks for the
research that you have undertaken
in this matter.

I have written to the present
Baron enclosing a copy of your

letter and I have asked him to write to you with details of the history of his family. I am sure that he will be able to give you some interesting details concerning his family and the reasons for their sojourn in England.

I hope to spend a few days in Kent & Surrey over the period of Easter, and with your permission I would like to take a photograph of the plaque in your church. Please let me know if you agree to this, and when is the best moment to carry out the operation.

I am particularly grateful

for your help in finding the details of the burial of Charles Louis de Secondat - since I am sure that his involved so small amount of physical exercise as well as a desire to dig up the past.

I hope I may soon have the pleasure of thanking you personally for your efforts and that I may help you to complete your records.

Yours truly

P. F. S. Barker
