Dear Mr Williamson, Sir George Gipps (1790-1847).

I am doing some research on the above gentleman and I am told by Paul Pollak that you contributed an article on him to the King's School Magazine. Would it be possible to obtain a copy of it or a xerox of the article in question?

I am in England on Study leave from Australia to trace Gipps's background outside of Australia. Gradually things are falling into place but I am always receptive to new ideas and material.

Sincerely yours,
