Mr John Williamson BA (Cantab)
Beechmount
Conyngham Lane
Bridge
Nr Canterbury

Dear Mr Williamson

You probably think we never received your letter of 3 May requesting a photograph of the drawing of Bridge by Schellinks! I can assure you we did and I immediately ordered a print for you. Unfortunately the photographic department is short staffed and the print had not arrived before I went on two weeks' holiday. Since the second week in June I have been coping with the backlog of post, and have only just begun to deal with photographic requests. My apologies for the delay.

I'm afraid prints at present don't seem to be of a very good quality, so before I send the one of Bridge I thought I had better explain. The print seems to me to be rather pale and also has a white line running across it, part of which appears to be a scratch on the glossy surface. If you require a very good print I shall re-order one - but this may take a few weeks to come through, due to shortage of staff (another problem!) in the photographic department. If the quality required is not too crucial I shall send the print we already have.

As soon as I hear from you I shall put your request, whatever it may be, in hand.

Yours sincerely

Robin Featherstone
