Dear John

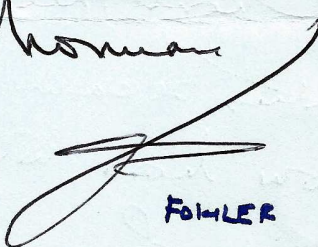

Very many thanks for the book marks re 200 up -
and for the fascinating clips - how do
you do it - you must have a local filing
system of which I know now't. As you
saw from the 1924 Sale 'Catalogue' in my hall
this house was then, as in your cutting
Riverside House, but since then the Hawkins
old house, now Redfins became Riverside
& this became River - I'd love to
know how, when & why.

And the Townsend cutting - how splendid of
you - the top room in the cottage (as it was)
I knew had been their studio - I must
try to get, or get to see 'The Townsend
→

Journals - & we must discuss it all further.
I really am most grateful to you.

Which reminds me that it must be
about 30 years since you showed me
around the tannery. - I'd love to
have another visit sometime when it's
convenient to you.

Kindest wishes & thoughts to you
both

Thomas
