Dear Mr Williamson

Elham Valley Way

Further to our meeting of Thursday the 7th of July I have discussed this with the Area Officer Mrs B Andrews. I have been advised that the relocation of the Elham Valley Way signpost to the other side of Conyngham Lane would conflict with the proposed siting of the Bridge Village Sign which is being installed under the direction of your Parish Council. I would suggest at this stage that you speak to your Parish Councillors on this matter before we pursue the relocation of the post any further.

If I can be of further assistance then please let me know.

Yours sincerely

Mr Laurence Tricker
Public Rights of Way Officer
(North Downs Way)
