Dear John,

In response to my recent letter asking you to be our guest speaker in May next year, you telephoned to say that I had got the day wrong - saying it should be Monday, and not Tuesday as stated.

The proverbial penny has just dropped that you may be thinking that the meeting is next month, instead of next year. We have to think so far ahead!

Hence this letter to you to avoid any confusion. Perhaps you will kindly contact me again to confirm you would be willing to speak on Tuesday 12 May 1998.

Yours sincerely,

Bill Dawson

* I expect you could find it blindfolded - but please don't try!

* Your photo album quite safe - now just would like to copy vintage photos. These will return to you.
