Date: 21 June 1999

Dear Dr Raraty

WINDMILL, BRIDGE, KENT.

Thank you for your visit of 18 June 1999. My apologies once again for not being able to find the HES Simmons photographs of the windmill in Bridge. After you left the NMR on Friday I continued my search for the said photographs, and fortunately found them mis-filed in the filing cabinet. Please therefore find enclosed complimentary laser copies of the four images. I thought that the laser copies would also be of interest to you and your colleagues with regards to placing further orders of Bridge photographs. As you can see, where more than one photograph is mounted on a card, any combination of the images can be copied onto one sheet, (A4 or A3 size are the same price, please see the enclosed price list). I have also enlarged two of the images up to A4 size so that you may see the different variations possible.

I hope that you and your colleagues all enjoyed your visit to the NMR. Please do not hesitate to contact me if I can be of any further help.

Yours sincerely

Susan Evans
