VILLAGE VETS

CHARLES EDWARD HOWARD

1822 *Charles Edward Howard*, widower of Bridge (place of baptism unknown: he was not born in Kent), married *Sophia Andrews*, spinster of Bridge (baptised at Selling in January 1794 – daughter of John and Mary Andrews). At this time Charles was about 51 years old and Sophia was 28.

1841 Charles is listed in the census as a registered veterinary surgeon, aged 70, living in Union Street at house number 54. There are now several children listed. The eldest, *Catharine*, is 25 years old thus pre-dating the marriage between Charles and Sophia (now 45), and so is probably the daughter of his first wife. The following are the children of the second marriage:-

Samuel (16) – an apprentice tailor

Charles and Mary (15) – probably twins

Richard (14)

George (11)

Henry (6)

1842 A tombstone just outside the East end of the church in Bridge churchyard (no 173) records the death of Charles:

‘ In memory of Charles Edward Howard, late of this parish, who departed this life 20 May 1842, aged 71 years.

Also of Sophia, wife of the above, who departed this life 25th August 1861 aged 69 years.’

Sophia therefore was widowed for 19 years.

1851 The census shows Sophia (58) working as a nurse. Her address is now given as Bridge village, house 92. Only two of her children are still living with her:

Mary Ann (28) – unmarried – earning a living as a shirt maker

Henry (16) – unmarried

Both listed as born in Bridge. There is some discrepancy here over Mary’s age. If she was 15 in 1841 she should now be 25. If she is correctly shown as 28 then she could be the eldest of the children and not a twin at all.

What has happened to the other children?

1861 Now only Sophia listed as living in Union Road, house no. 110.

There is no vet listed in the village.

She died in this year – see above.

1865 There is a tombstone in Bridge churchyard recording:
 ' IHS In loving memory of Mary Ann Howard, born October 26th 1842,
 died June 19th 1865 '

This cannot be the daughter of Charles and Sophia. Who is she?

1871 Charles William Howard (47) listed in the census as a coursing judge and
 veterinary surgeon. He was born in Bridge. His age fits roughly with that
 given for Charles Edward's son.(would be 45/46?). It would also make
 sense that he would follow his father into the profession.

His wife, Anne Maria, born in the parish of Lubbenham in Leicester, is
 now 35.
