**The most beautiful porcelain
ever designed for
Bridge.**

I'll wager you remember, too...

✓ Dear inhabitant of Bridge,

It's a special occasion: Christmas, Easter,
or at least Sunday.

Do you recall those merry times? The whole family has come to visit grandmother. The clock strikes five: time for tea.

✓ This is the signal for grandmother to take her Sunday tea service out of the cupboard. An heirloom from her mother, which is exclusively taken out of the cupboard on festive occasions.

Every time she brings it out, it evokes memories, prompting her to relate anecdotes about the Bridge of her youth, about the first motor cars, the annual fairs, the houses in those days.

A rich and fascinating past that we are in danger of losing for ever. How many people still know about the Bridge of grandmother's day?

✓ The artist understood our loss. That is why he designed an exclusive porcelain tea service, on which he has immortalized the loveliest spots of Bridge.

Can there be anything more agreeable than reminiscing about Bridge over a cup of tea?

✓ A cup brimming over with memories...

You too can enjoy the most beautiful porcelain ever designed for Bridge. And because it is only available for a limited period, I advise you to order in time. Certainly before 30 April 2002, because I cannot accept any orders after that date.

The Bridge depicted on this unforgettable porcelain is sure to bring back memories.
