Dear Maurice,

Jeremy Wiltshier gave
me this copy of a page of Fisher's scrap
which he got from a cousin Ross Wiltshier
in Melbourne. Neither knows what the
connection of Coughlan/Wiltshier was
& wondered if I knew. I wondered
whether you knew of any. You may know

that Jeremy's mother lived in the
High St until about 3/4 years ago
& was born Honey. Her father was warden
master of the Union. I borrowed a present-
ation clock from Jeremy for the 1994 exhibition.
There is a bed in the K&C named after the
family.

I would be interested in any information
you have
