Special place in English history

- ① Essex, Hudders & Snow nearest to London.
- ② Nearest county to the capital & lies between it & London.
- ③ Saxon period to XIXc characterised by the presence of a rural middle class consisting of free peasants & a landowning yeomanry of moderate substance; for later centuries by a lesser group of gentry of small wealth & mostly native origin. Wide distribution of land - gavelkind - property could be distributed among themselves.

Genly 800 mainly received under £500 Boys, Oxenford, Tork
Finch DERING his Lord DERBY

only part of England unvanquished by Angles. Civil War of 1648 nearly in hand.

Influence of the food market of the capital. County had always been the 'granary to replenish the stores of the city'. Fasting Corn
proximity of city stimulated local industries glass, lin, shipbuilding. Standard of living high. his one more strange.
