Hello,

Have you got that Spring feeling yet? The feeling that makes you fling open all the windows in your home, and have the annual Spring clean and 'clear out'? Well, it's almost time. Winter is nearly over and Spring is on it's way. Get in the mood. It's time to make plans to decorate and get some new furniture.

We'll help you choose a completely new colour scheme for whichever room or rooms you wish to decorate, with our "Furnishing & Colour Planner". It's a folder made up by our own interior decorator to give you professional advice on colour co-ordination with wallpaper, paints, curtains, carpets and even cushions. It's offered to you at less than half price. Only 85p. Just fill in the enclosed form to tell us what you like in colours and what you wish to keep, there's no obligation.

When you've made your plans you'll probably find there's room for a piece of new furniture. A bright modern coffee table maybe. Or a traditional cosy chair? Perrings have a wide range of furniture to suit all tastes. I've enclosed one of our furniture brochures. Have a look through and see what you fancy.

By now you're wondering how on earth you would pay for all the decoration and furniture. Well to make it easy for you, we have 4 credit plans which allow you to pay over a 2 year period. Choose the plan that suits your income best.

Once you've decided on your new furniture and furnishings you won't want to be kept waiting. "We Deliver Quicker" is just another of our services we're pleased to offer you. So get in the mood. Make a fresh start at Perrings this Spring.

We'll be looking out for you in your local store.

Yours sincerely,
