Canterbury, 19 September 2006

Dear resident of Bridge,

A brand new, wonderful Table Lamp has recently been created: the new Bridge Luxury Table Lamp. Full of refinement, classic meticulous craftsmanship and quiet luxury. Truly an item not to be missed, especially as resident of Bridge.

A place where you have settled down, where you feel at home and where we wish you many happy years. That is why this Luxury Table Lamp is so unique and valuable: it radiates conviviality and substance and it is skilfully finished and richly decorated with 18-carat gold. Bridge is also the focus of the design on this Table Lamp.

The pen drawing on the Table Lamp's four glass panes is applied with great detail and the 18-carat gold is used lavishly on the borders: simply because Bridge is worth it.

You do need some space for this Luxury Table Lamp: it measures 57 cm in height, and the shade is 34 cm wide. It is of course delivered ready for use with base, bulb and plug. Please bear in mind that this is a Limited Edition Luxury Table Lamp and that it is only available for a limited period of time. Furthermore, each Lamp comes with a Certificate of Authenticity.

\*18-carat gold burned into glass!

# 18-carat Gold on Glass

When making the Luxury Table Lamp the glass pane is first covered with a matte white background and then the master stained glass artist applies the fine design. This design is then burned into the glass with an 18-carat gold border. This is done using special gold paint. After the heating and burning process in the kilns at more than 570°C,

this gold paint places a gold layer of at least 18-carat on the glass. This gold decoration is furthermore totally melted into the glass by means of the melting process. This way the gold will never lose its shine and will always provide the Table Lamp with rich and stylish distinction.

## Four unique images for Bridge

A lot of attention is paid to tracing the various subjects that are typical of Bridge. Since obviously not everything can be brought to the

fore the artist has made a selection on creative grounds. This fine piece exudes peace and joviality. It is a moment to stop and observe.

That is why you should act as soon as possible, at the latest by 17 October 2006, the date on which registrations will be irrevocably closed. Truly it would be a shame to pass up this unique opportunity.

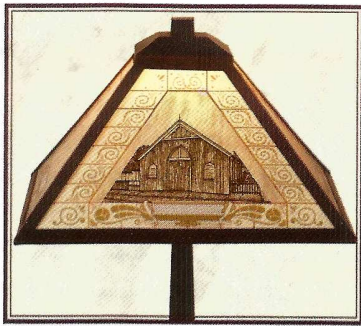

## Golden Thoughts

"Memories are what we thrive on. They form part of everyone of us. We cherish good and beautiful memories and carry them with us. When creating this Luxury Table Lamp I was mostly thinking of the good things in life that you are reminded of when seeing these motifs of Bridge.

For the gold decoration as well as for the four fine pen drawings, the technical requirements were taken into account so as to burn the entire design permanently into the glass. The motifs are burned into the glass and will never fade. The burned-in gold will never lose its shine.
