5th February 2001.

Dear Mr Karaty,

I was delighted to receive copies of the school group photograph and yes, it is the right one! One of the little boys in the front row is my brother who is now aged 57 and lives in Adelaide.

I must admit that I had been thinking that my request had been overlooked and I was intending to leave it at that. You must have been inundated with similar requests.

My husband and I so enjoyed the exhibition. It brought back many memories for me personally, as I was born in the village in 1938 and we lived there until 1952.

Incidentally, my brother is coming over for a visit in late spring and I know he will

be delighted with the photograph, too.
What good timing!

With many thanks,

Yours sincerely,
Rosemary Wynn.
